

STAGGERED REGISTRATION IN MOTOR CARRIER DIVISION'S FUTURE!!

With the passage of Assembly Bill (AB-5), effective January 1, 2009, carriers with 100% Nevada fleets must select one of the two new registration options listed below.

IRP fleets will remain on a calendar year (January 1 to December 31) registration period. If you have both an IRP and 100% Nevada fleet, each fleet will have its own renewal and payment schedule. Fees for the IRP fleet will continue to be due by December 31 and the 100% fleet will be due at the time of the new registration. These changes will enable the Motor Carrier Division to provide enhanced customer service by reducing the number of accounts to be renewed in each staggered period.

Eligible accounts will still be given the option of installment payments for the Nevada fees only.

As a carrier with a 100% Nevada fleet, we would like to know your preference for the registration period starting the 2009 – 2010 year. This information will help to ensure a smooth transition to the new periods. While every effort will be made to provide the registration period you request, we cannot guarantee we can accommodate all requests.

Please indicate which registration period you would prefer:

- ☐ April 1 through March 31
- ☐ October 1 through September 30
